

Minnesota Modern Module

Challenges & Opportunities for Preserving Mid-Century Minnesota Architecture

Tuesday
October 27
6 p.m.

Christ Church Lutheran

**3244 34th Avenue,
Minneapolis**

**Free and open to the public
but space is limited
so reserve your spot at
trustmodern@nthp.org**

The National Trust for Historic Preservation welcomes you to a **free event to celebrate, discuss, and debate the mid-century and Modern heritage of the Twin Cities and greater Minnesota**. Many buildings and landscapes from the mid-twentieth century have started reaching the age of fifty—an important milestone for their preservation. Minnesota boasts a fantastic collection of mid-century structures, landscapes, and suburban developments that deserve to be recognized and respected.

Join us for an exciting event on Tuesday night, October 27, 2009, at Minnesota's newest National Historic Landmark—Eliel Saarinen's 1949 Christ Church Lutheran. A panel of local experts will explore some of the most relevant issues affecting Minnesota's Modern legacy. Join us for this lively discussion, then stick around for the reception in one of Minneapolis' great Modern spaces, while indulging in stimulating conversation, tasty local fare, and music by DJ Jake Rudh.

This event is free, but space is limited. **Reserve your spot now by e-mailing trustmodern@nthp.org.**

This event is sponsored by a grant from the National Endowment for the Arts and the Henry Luce Foundation and is being hosted in cooperation with the Preservation Alliance of Minnesota, Preserve Minneapolis, DCOMOMO MN, and the Minnesota Historical Society.
