STATE:

COMMUNITY:

NEIGHBORHOOD:

When did teardowns start to become a problem in your community?

What type of housing and neighborhoods are being impacted by teardowns and in what way?

How many houses have been demolished as teardowns (if known)?

How imminent is the threat of teardowns; is it just a few houses or widespread?

How is the community responding?

Is there a local organization, "friends" group, or neighborhood association involved? If so, how?

Are there tools in place or proposed to help manage teardowns (ex. zoning amendments, historic districts, etc.)?
