

# What should Buffalo save?

[you tell us!]

LEARN MORE AND  
SEE OUR FILMING  
SCHEDULE.

It's an important question for a city that *everyone* seems to have an opinion about—whether they live here or not.

This July 16-24, the National Trust for Historic Preservation will roll its video cameras at locations across town with one goal in mind—to have Buffalonians tell it like it is.

Join us at one of our meet-ups and speak your mind about the city you call home. What places define it? What history makes it stand out? And what do you want its future to look like?

Visit [www.BuffaloUnscripted.org](http://www.BuffaloUnscripted.org) to learn more and to see our filming schedule. We look forward to hearing your story—the story of Buffalo.

# Is Buffalo misunderstood?

[Set the record straight.]
